Dear Applicant:

Before we can determine whether your organization is exempt from Federal income tax, we must have enough information to show that you have met all legal requirements. You did not include the information needed to make the determination on your Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code.

To help us determine whether your organization is exempt from Federal income tax, please send us the requested information by the above date. We can then complete our review of your application.

If we do not hear from you within that time, we will assume you do not want us to consider the matter further and will close your case. In that event, as required by Code section 6104(c), we will notify the appropriate state officials that, based on the information we have, we cannot recognize you as an organization of the kind described in Code section 501(c)(3). As a result, the Internal Revenue Service will treat your organization as a taxable entity. If we receive the information after the response due date, we may ask you to send us a new Form 1023.

All information submitted in support of your application for exemption must be furnished under the signature of a principal officer or other appointed person acting with proper authorization or must be attached to a properly signed cover letter. Please be sure your response is signed by a director, officer, trustee, or authorized representative. Please mail your response to the following address:

In addition, if you do not provide the requested information in a timely manner, we will consider that you have not taken all reasonable steps to secure the determination you requested. Under Code section 7428(b)(2), your not taking all reasonable steps in a timely manner to secure the determination may be considered as failure to exhaust administrative
